

Jackson Roos Regional Championship Tournament

The Jackson Roos Regional Championship Tournament has evolved over the years. At one time it was a large Memorial Day weekend tournament with participating teams from all over District 9. Recently, the tournament has been a Redmond North only event in early May where teams from the Coast and Majors levels mix up teams for some friendly competition. This has been a great community event for the league and fun event for the kids. This year we will be expanding our end of season championship tournament at the Majors and Coast levels. It will be a mini-tournament that includes the league champion teams from Redmond North, Redmond West, Eastlake and Snoqualmie Valley North on June 4th and 6th. The AAA champions from Redmond North and Redmond West will play for a city championship. All these games will be held at Redmond Ridge Park.

The event honors Jackson Roos, who died at the age of 12 in 2013 in an accident at his home in Redmond. Jackson will be remembered throughout the tournament for his kindness, friendship, competitive spirit and love of baseball. More history can be found here.
